

## SK700-II IOD<sup>®</sup>

The SK700-II IOD is Gilbarco Veeder-Root's latest addition to the SK700-II range of dispensers. Designed for customers looking for a flexible and cost effective dispenser, the SK700-II IOD offers all the benefits of Gilbarco Veeder-Root reliability and lowest total cost of ownership.

### Island Orientated Dispenser

Built for small to medium sized forecourts, the SK700-II IOD allows up to two grades of fuel on a dual lane layout, so customers can fill up on either side of the pump.

### Flexible Options

The SK700-II IOD can incorporate a broad range of fuel options including unleaded, diesel, E85 and LPG.

## Proven Technology

Incorporating the same hydraulics as the SK700-II, the SK700-II IOD has all the reliability and quality offered in Gilbarco Veeder-Root's range of dispensers.

## Specification

Hoses	1 (or 2) hoses
Grades	1 (or 2) grade
Hose retract	Spring mast
Footprint	930mm x 515mm
Display	Back lit LCD display

Stainless Steel

## Showcasing Leading Edge Technology

The SK700-II IOD is compatible with Gilbarco Veeder-Root's industry leading Ecometer. With over 100,000 units installed globally, the Ecometer is the most accurate metering technology in the industry.

## Gilbarco Veeder-Root Products – behind every successful forecourt

Gilbarco Veeder-Root is the largest supplier in the world representing the leading brands of solutions and technologies that provides convenience, control and environmental integrity to retail fuelling and adjacent markets. Gilbarco Veeder-Root is the only manufacturer that can provide all your fuel forecourt solutions.

### Pumps and Dispensers

Designed to be at the core of retail forecourt solutions centering on quality and innovation, Gilbarco Veeder-Root's broad portfolio of pumps and dispensers are proven to deliver profitability for our customers today and tomorrow.

### FlexPay

Secure and flexible payment solutions to create new business at the pump.

### Submersible Pumps

The most efficient way to pump fuel on a forecourt; consistent flow rates, no vapour lock and minimal maintenance.

### Automatic Tank Gauging

Innovative tank monitoring and loss detection to automate wet stock management, environmental control and risk management across the network and allow centralised data management to optimise operational profitability.

### Retail Solutions

The leading provider of solutions and tools to support fuel retailers in improving profits and preparing business for tomorrow's challenges.

### Forecourt Solutions

Combine POS and forecourt equipment of any make or brand for efficient control and management of your petrol station forecourt.
